Zone Co Report.

The new season is up and running for most Centres now with two Carnivals under our belts and each centre having had at least 1 competition.

Welcome to two newly qualified officials, Craig Daniel - Shoalhaven - 'D' Grade Starter and Mick MacKay - Basin - 'C' Grade Long and Triple Jumps.

We need to get more parents to volunteer for officials positions otherwise, with the advancing age of our Graded Officials, we will be unable to hold carnivals and competitions, especially now the new regulations have come in about agility and steadiness of Officials.

There is also a need for some Parent Helpers from the Centres organising carnivals to step up for age manager's jobs instead of depending on other centres to supply them. It seems incomprehensible that centres with 100 or more athletes can't find, at most, 22 parents to be age managers.

A handwritten signature in black ink, appearing to read "Howard Vandervord", with a long, sweeping underline that extends to the right.

Howard Vandervord.

Hi

For Zone Meeting

Orders have been placed for Regional T/Shirts – the number is as per attached esale
All going well with council in relation to regional – no local approval needed, need to just submit a waste management plan and traffic management plan – traffic management has been done just need to find out as for any excess waste what does the zone want to do – for regional championships lake Illawarra had to pay tip fees – are advising the council on the Friday if the bins are not emptied then we will not be paying the waste removal
Copy of regional t/shirt order form is attached for them to look at. (just need to BSB and Account Number to put on form).

Site map will be done showing where everthing is going – same areas as state multi with the exception of the field marshalling area this will be going near the 1500m start – no access for cabanas between the finish line and the carpark as this will be for information, track recording etc, announcer will be in the middle of the field near the finish line.

Who is going to do the roster for BBQ/Canteen for clubs – Lake Illawarras canteen supervisor Raelene McGarry will do this but has also suggested that the Zone Treasurer also be canteen supervisor – she would like to know who is ordering all the stock, and also if it is up to her how much should she order, what was the order when Kiama last hosted or should we speak to the southern highlands zone to see what was ordered in Wollongong.

Centre report

Registration are a little slow this season but are still getting enquiries with 183 registered
October Carnival was a great success with 250 entries – we have receive plenty of feedback on how great the carnival was

Having a slight issue with council in relation to setting up permanent discus cages at the oval – if the other centres who have cages could help us out as to how they got approval from their council that would be great – they are asking us for a structural engineer to sign off on the design as per IAAF and LAA standards – we have spoken to Diane levy at LANSW and this is a first for her, a council asking for such, we are investigating our options but would appreciate any help from centres who have these cages already in place.

If you have anything else to add please do so.

Regards

Kevin McGarry

Hi Michelle,

Kiama Zone Report as promised.

The Kiama Centre has had a wonderful start to the 2015/2016 season. We currently have 275 athletes registered and placed an order more registration numbers last week.

Traditionally we have been quite bottom-heavy with large numbers in the Tiny Tots, Under 6 and Under 7 Age Groups. This season, in a very pleasing development, we have excellent numbers in both Boys and Girls from Tiny Tots through to Under 12. Our older Age Groups, although smaller in numbers, are quite well represented as well.

Weekly competition is running quite smoothly thanks to our small, but dedicated band of helpers.

The Centre has gained the services of two coaches this season. One is a dedicated High Jump coach. To date response has been very good with a steady stream of athletes attending each coaching session.

We have lost two (2) consecutive days to rain so far this season.

The Centre has recently purchased two (2) sets of High Jump Scissor Mats. We were fortunate to get three (3) piece mats making storage a little easier. However the logistics of dealing with these extra mats every week has proven to be quite a challenge.

The Centre would like to congratulate ex Kiama Little Athlete Sally Fitzgibbons who was recently inducted into the Little Athletics Australia Roll Of Excellence. This year's Roll of Excellence was held on 24th October 2015 in Sydney at the Establishment Ballroom. It was a great night recognising the amazing achievements of various Little Athletics individuals in four categories:- Track and Field, Sportsmen, Achievers and Volunteers. Sally's induction was made in the Sportsmen category in recognition of her stellar performances in her chosen sport of surfing.

Regards,
Craig

2. **Zone Co-Ordinator** As per attached

3. **Delegate Reports**

Albion Park

Numbers are similar to last year but are struggling with the 14 boys and 15 girls as we only have one registered in each group.

Our carnival was held yesterday. Everything went well and was a good day, but again struggled for age managers and helpers. Only had approximately 10 helpers.

There were a lot of records broken yesterday.

Have received the new scissor mats.

Sponsorship is up this year.

We are entering the state relays this year but have brought in a rule for our club. If you are in a relay team and pull out you will be ineligible for a relay team for the next 2 years. Unfortunately we have had to bring this rule in. But it is in the interest of everyone.

Lake Illawarra

As per attached

Milton Ulladulla

We have a new president this season. Her name is Toni Williams

We have 75 regos so far.

Fields are rolled and surveyors should peg this week weather permitting.

We have 3 runways of long jump that will be useable for zone.

Car park is being upgraded.

We have lost one coach due to a change in our committee. Have one coach for high jump and hurdles.

Hurdle numbers are needed to organise how many hurdles we need. Craig will collate entries when received.

We have 2 high jump areas organised and when u9's are finished we will change the mats so we have 2 normal sets operating.

Would like to borrow portable discus cages from Basin for zone.

St Georges Basin

We only have about 115 registered this season

Everything is falling into place for our Dragon Derby.

We have received our new scissor mats and ours are two piece and an absolute nightmare to get out and store.

So far this season we have lost 3 days to rain and one day to council as they decided to mow our wet field and left dangerous tyre marks in the track.

Thanks to Cricket and their roller it has been fixed.

General Business

We have been approached by a parent from Albion Park about selling T shirts for zone and grand prix. She is starting a business and has designed a few samples. Howard McGarry moved to list items for discussion in June 2016 during the off season in preparation for next season as there is not much time left for anything to be done this season.

Next Meeting 30/11/2015
