## **Centre Reports**

### **Albion Park**

Albion Park currently have 135 registered athletes, and several new kids trialing. They started back on the 15<sup>th</sup> of September with 15<sup>th</sup> and 22<sup>nd</sup> being no point score. They had a week off for the long weekend and had their first competition night last Friday. They have filled their championship officer roll with Valerie Gorrie and still have a few committee roles still to fill. They unfortunately had another break in prior to their 2<sup>nd</sup> trial night and their canteen was ransacked.

### **Kiama**

Kiama Little Athletics completed its fifth (5<sup>th</sup>) week of the season last Saturday. Due to the lack of adequate lighting at the Kiama Sports Complex our first five (5) meets were held on Saturday mornings. Competition moves to 5:30pm Friday afternoon on 13<sup>th</sup> October. To date the weather has been very kind and the track is in wonderful condition. It has certainly been a much smoother start than last year when we faced several significant challenges courtesy of the rain leading up to the season commencing. Total registrations are currently at ninety-two (92) which is disappointing to say the least. This is a 32% reduction on last season's numbers. Unfortunately, the Centre has struggled to attract members post-COVID.

In an exciting development Kiama Council is currently working on a master plan for the Kiama Sports Complex. An external company, sala4D, has been engaged to complete the work. The goal is to revitalise the Complex and associated aged facilities. Once complete the master plan will significantly improve Council's chances of gaining state or federal funding in the form of grants.

### **Lake Illawarra**

1st September was their first night for the season.  
Weeks are going well.
